

If you wish to discuss with me the return of any property seized pursuant to the execution of the search warrant executed on September 20, 2000, you may contact me directly by phone or in writing. On October 8, 2000, I told you that I would be glad to discuss that with you, however it is not appropriate for you to continue attempting to have the FBI intervene on your behalf, since they have no control over the case or the property.

Please feel free to contact me if you have any questions.

Sincerely,

FOR THE ATTORNEY GENERAL
