

Honorable Leland P. Andersen  
Jefferson County District Court  
100 Jefferson County Parkway  
Golden, Colorado 80401

**Regarding: Court order of May 7, 2001**

Greetings Your Honor,

Your verbal order of May 7, 2001 was disregarded by the Jefferson County Sheriff's Deputies in the Law Library pursuant to directions by Sergeant Gerlach.

On May 12, 2001 you re-stated your order and directed the CourtRoom Deputy on Duty to relay the order to the Prison. Your order was once again disregarded.

Again on May 22, 2001 you re-stated the order pursuant to a motion the Defense tendered to the court complete with specific days and times. The Deputy on Duty was charged with relaying that order to the Prison.

On May 25, 2001 I sent the motion to Sergeant Warren with a complete explanation of the content and intent of your order. Your order was again ignored.

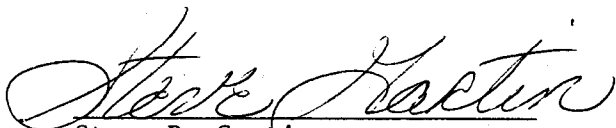

On 6 June, 2001 a Civil Rights Action was filed with the Federal District Court concerning this issue and jail conditions; your order was immediately acknowledged and implemented. A few days later kites began to be "lost."

On June 11, 2001 you again confirmed your order and directed me to tender an order in the proper format if there continued to be any problems.

Today, June 16, 2001 the Deputy on Duty in the Law Library happened to know me and be aware of the circumstances and called me, even though no kites were on file. He informed me that he had been instructed by Sergeant Gerlach to "throw away all the kites except for the regular times." So he followed orders; but made a few calls to check and discovered that you had **indeed** ordered specific law library access in case #0OCR3371. Therefore I have re-submitted kites for all the specified times and he has refiled them.

In order to prevent any subsequent misunderstandings, I have prepared an order for the court with the best forma of which I am currently aware and respectfully tender that order to the Honorable Court.

Humbly submitted,

Steve D. Gartin
